

```
Eigen::MapBase< Derived,  
WriteAccessors >::writePacket
```

```
graph LR; A["Eigen::MapBase< Derived,  
WriteAccessors >::writePacket"] --> B["Eigen::internal::pstoret"]; B --> B;
```

The diagram illustrates a function call. A grey box on the left contains the text 'Eigen::MapBase< Derived, WriteAccessors >::writePacket'. A blue arrow points from this box to a white box on the right containing 'Eigen::internal::pstoret'. A curved blue arrow also points from the white box back to itself, indicating a self-call or a loop.

```
Eigen::internal::pstoret
```
