

`absl::c_adjacent_difference`

```
graph LR; A[absl::c_adjacent_difference] --> B[absl::container_algorithm_internal::c_begin]; A --> C[absl::container_algorithm_internal::c_end];
```

The diagram illustrates the internal components of the `absl::c_adjacent_difference` function. A central box on the left, labeled `absl::c_adjacent_difference`, has two blue arrows pointing to two separate boxes on the right. The top box is labeled `absl::container_algorithm_internal::c_begin` and the bottom box is labeled `absl::container_algorithm_internal::c_end`.
