

`absl::c_remove_copy_if`

```
graph LR; A[absl::c_remove_copy_if] --> B[absl::container_algorithm_internal::c_begin]; A --> C[absl::container_algorithm_internal::c_end];
```

The diagram illustrates a function call. A gray box on the left contains the text `absl::c_remove_copy_if`. Two blue arrows originate from the right side of this box. The top arrow points to a white box containing `absl::container_algorithm_internal::c_begin`. The bottom arrow points to another white box containing `absl::container_algorithm_internal::c_end`.

`absl::container_algorithm
_internal::c_begin`

`absl::container_algorithm
_internal::c_end`
