

Eigen::LDLT::LDLT

Eigen::LDLT::LDLT

Eigen::LDLT::compute

```
graph LR; A[Eigen::LDLT::LDLT] --> C[Eigen::LDLT::compute]; B[Eigen::LDLT::LDLT] --> C;
```

The diagram illustrates a call to the `Eigen::LDLT::compute` method. On the left, there are two identical boxes, each containing the text `Eigen::LDLT::LDLT`. Blue arrows point from the right side of each of these boxes to the left side of a single box on the right. This right box contains the text `Eigen::LDLT::compute` and has a gray background, distinguishing it from the white boxes on the left.
