

Eigen::IterScaling  
::IterScaling

Eigen::IterScaling  
::IterScaling

Eigen::IterScaling  
::init

```
graph LR; A[Eigen::IterScaling::IterScaling] --> C[Eigen::IterScaling::init]; B[Eigen::IterScaling::IterScaling] --> C;
```

The diagram illustrates a mapping or initialization process. On the left, there are two identical white rectangular boxes, each containing the text 'Eigen::IterScaling::IterScaling'. Blue arrows point from the right side of each of these boxes to a single gray rectangular box on the right. This gray box contains the text 'Eigen::IterScaling::init'. The arrows indicate that both instances of the 'Eigen::IterScaling::IterScaling' object point to the 'Eigen::IterScaling::init' function or state.
