

`_Functor`

```
graph BT; A["Eigen::NumericalDiff<_Functor, mode>"] --> B["_Functor"]
```

The diagram illustrates an inheritance relationship. At the bottom, a gray rectangular box contains the text `Eigen::NumericalDiff` followed by a line break and `<_Functor, mode>`. Two blue arrows originate from the top of this box and point upwards to a white rectangular box at the top. The top box contains the text `_Functor`. This visualizes that `Eigen::NumericalDiff` inherits from `_Functor`.

`Eigen::NumericalDiff`
`<_Functor, mode>`
