

testing::Test

```
graph BT; A["absl::ABSL_NAMESPACE_BEGIN::VariantTypesTest< T >"] --> B["testing::Test"]
```

The diagram illustrates an inheritance relationship. At the bottom, a gray rectangular box contains the text `absl::ABSL_NAMESPACE_BEGIN::VariantTypesTest< T >`. Two blue arrows originate from the top of this box and point upwards to a white rectangular box at the top, which contains the text `testing::Test`. The arrows are positioned side-by-side, indicating that the bottom box is the base class or superclass of the top box.

absl::ABSL\_NAMESPACE  
\_BEGIN::VariantTypesTest< T >
