

```
Eigen::TensorEvaluator  
< const TensorCustomUnaryOp  
< CustomUnaryFunc, XprType  
>, Device >::evalSubExprsIfNeeded
```

A diagram illustrating a function call. A central box on the left contains the function signature. Two blue arrows point from the right side of this box to two separate boxes on the right. The top arrow points to a box containing 'Eigen::TensorEvaluator::data', and the bottom arrow points to a box containing 'Eigen::TensorEvaluator::dimensions'.

Eigen::TensorEvaluator  
::data

Eigen::TensorEvaluator  
::dimensions
