

abseil-cpp/absl/time
/internal/cctz/include
/cctz/civil_time.h

```
graph TD; A["abseil-cpp/absl/time  
/internal/cctz/include  
/cctz/civil_time.h"] --> B["absl/base/config.h"]; A --> C["absl/time/internal  
/cctz/include/cctz/civil  
_time_detail.h"]
```

The diagram illustrates the include dependencies of the file `abseil-cpp/absl/time/internal/cctz/include/cctz/civil_time.h`. Two blue arrows originate from the bottom of the top box and point to the top of the two bottom boxes, indicating that the top file includes both files below it.

absl/base/config.h

absl/time/internal
/cctz/include/cctz/civil
_time_detail.h
