

Packed128::ones

Packed128::zeros

Packed128::constant

```
graph LR; A[Packed128::ones] --> C[Packed128::constant]; B[Packed128::zeros] --> C;
```

The diagram illustrates a relationship between three Packed128 constants. On the left, two white rectangular boxes with black borders are stacked vertically. The top box contains the text 'Packed128::ones' and the bottom box contains 'Packed128::zeros'. On the right, a single gray rectangular box with a black border contains the text 'Packed128::constant'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'ones' and 'zeros' are instances or related to the 'constant'.
