

absl::MemcpyCrc32c

```
graph LR; A[absl::MemcpyCrc32c] --> B[absl::crc_internal::Crc32CAndCopy]
```

The diagram illustrates a function call. On the left, a gray rectangular box contains the text 'absl::MemcpyCrc32c'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'absl::crc_internal::Crc32CAndCopy'.

absl::crc_internal
::Crc32CAndCopy
