

absl::cord\_internal  
::CordzInfo::GetParentStack

absl::cord\_internal  
::CordzInfo::GetStack

absl::MakeConstSpan

```
graph LR; A["absl::cord_internal::CordzInfo::GetParentStack"] --> C["absl::MakeConstSpan"]; B["absl::cord_internal::CordzInfo::GetStack"] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'absl::cord\_internal' followed by '::CordzInfo::GetParentStack' on the next line. The bottom box contains 'absl::cord\_internal' followed by '::CordzInfo::GetStack' on the next line. To the right of these is a single box containing the text 'absl::MakeConstSpan'. Two blue arrows point from the right side of the left boxes to the left side of the right box. The right box has a gray background, while the left boxes have a white background.
