

```
Eigen::internal::functor  
_traits< BinaryOp >
```

The diagram illustrates a relationship between two Eigen functor traits. A light gray box at the top contains the text 'Eigen::internal::functor _traits< BinaryOp >'. A darker gray box at the bottom contains the text 'Eigen::internal::functor _traits< bind2nd_op< BinaryOp > >'. Two blue arrows point upwards from the bottom box to the top box, indicating that the bottom trait inherits from or specializes the top trait.

```
Eigen::internal::functor  
_traits< bind2nd_op< BinaryOp > >
```
