

Eigen::internal::triangular  
\_dense\_assignment\_kernel  
::assignOppositeCoeff

A diagram showing a function call. A large gray box on the left contains the function name 'Eigen::internal::triangular\_dense\_assignment\_kernel::assignOppositeCoeff'. Two blue arrows point from the right side of this box to two separate white boxes on the right. The top white box contains the text 'col' and the bottom white box contains the text 'row'.
