

absl::container_internal
::NodeHashSetPolicy::apply

```
graph LR; A["absl::container_internal  
::NodeHashSetPolicy::apply"] --> B["absl::container_internal  
::DecomposeValue"]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is gray and contains the text 'absl::container_internal' followed by '::NodeHashSetPolicy::apply' on the next line. A blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'absl::container_internal' followed by '::DecomposeValue' on the next line. A blue curved arrow points from the top of the right box back to itself, indicating a self-call.

absl::container_internal
::DecomposeValue
