

absl::time\_internal  
::cctz::time\_zone::description

```
graph LR; A["absl::time_internal  
::cctz::time_zone::description"] --> B["absl::time_internal  
::cctz::time_zone::Impl  
::Description"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'absl::time\_internal' followed by '::cctz::time\_zone::description' on the next line. The right box is gray with a black border and contains the text 'absl::time\_internal' followed by '::cctz::time\_zone::Impl' and '::Description' on the next two lines. The blue arrow originates from the right side of the left box and points to the left side of the right box.
