

absl::flags_internal
::FlagStateInterface

```
graph BT; A["absl::flags_internal::FlagState"] --> B["absl::flags_internal::FlagStateInterface"]
```

The diagram consists of two rectangular boxes. The top box is shaded gray and contains the text 'absl::flags_internal' followed by '::FlagStateInterface' on the next line. The bottom box is white with a black border and contains the text 'absl::flags_internal' followed by '::FlagState' on the next line. Two blue arrows originate from the top of the bottom box and point upwards to the bottom of the top box, indicating an inheritance or implementation relationship.
