

absl::container_internal
::CommonFields::increment_size

```
graph LR; A["absl::container_internal::CommonFields::increment_size"] --> B["absl::container_internal::CommonFields::capacity"]; A --> C["absl::container_internal::CommonFields::size"]
```

The diagram illustrates a function call. A grey box on the left contains the text 'absl::container_internal::CommonFields::increment_size'. Two blue arrows originate from the right side of this box. The top arrow points to a white box containing 'absl::container_internal::CommonFields::capacity'. The bottom arrow points to another white box containing 'absl::container_internal::CommonFields::size'.
