

Eigen::SparseCompressedBase
::outerIndexPtr

```
graph LR; A[Eigen::SparseCompressedBase::outerIndexPtr] --> B[Eigen::SparseMatrixBase::derived];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is shaded gray and contains the text 'Eigen::SparseCompressedBase' on the top line and '::outerIndexPtr' on the bottom line. The right box is white with a black border and contains the text 'Eigen::SparseMatrixBase' on the top line and '::derived' on the bottom line. A blue arrow points from the right side of the gray box to the left side of the white box.
