

absl::str_format_internal
::ParsedFormatBase::ProcessFormat

```
graph LR; A["absl::str_format_internal  
::ParsedFormatBase::ProcessFormat"] --> B["absl::string_view::data"]; A --> C["absl::string_view::size"];
```

The diagram illustrates a function call. A gray box on the left contains the text 'absl::str_format_internal' and '::ParsedFormatBase::ProcessFormat'. Two blue arrows point from the right side of this box to two white boxes on the right. The top white box contains 'absl::string_view::data' and the bottom white box contains 'absl::string_view::size'.

absl::string_view::data

absl::string_view::size
