

Eigen::RealSchur::RealSchur

```
graph LR; A[Eigen::RealSchur::RealSchur] --> B[Eigen::RealSchur::compute]; A --> C[Eigen::EigenBase::derived];
```

The diagram illustrates the relationship between the `Eigen::RealSchur::RealSchur` class and its associated methods. A central box labeled `Eigen::RealSchur::RealSchur` has two arrows pointing to the right. The top arrow points to a box labeled `Eigen::RealSchur::compute`, and the bottom arrow points to a box labeled `Eigen::EigenBase::derived`.

Eigen::RealSchur::compute

Eigen::EigenBase::derived
