

absl::SetStderrThreshold

```
graph LR; A[absl::SetStderrThreshold] --> B[absl::log_internal::RawSetStderrThreshold]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is gray and contains the text 'absl::SetStderrThreshold'. The right box is white with a black border and contains the text 'absl::log\_internal' on the first line and '::RawSetStderrThreshold' on the second line. A blue arrow points from the right side of the gray box to the left side of the white box.

absl::log\_internal  
::RawSetStderrThreshold
