

absl::time_internal
::cctz::time_zone::lookup

```
graph LR; A["absl::time_internal  
::cctz::time_zone::lookup"] --> B["absl::time_internal  
::cctz::time_zone::Impl  
::BreakTime"]
```

A diagram illustrating a function call. A gray box on the left contains the text 'absl::time_internal' and '::cctz::time_zone::lookup'. A blue arrow points from this box to a white box on the right. The white box contains the text 'absl::time_internal', '::cctz::time_zone::Impl', and '::BreakTime'.
