

```
absl::str_format_internal  
::ExtendedParsedFormat  
::NewAllowIgnored
```

The diagram illustrates a function call. A gray box on the left contains the code `absl::str_format_internal::ExtendedParsedFormat::NewAllowIgnored`. A blue arrow points from this box to a white box on the right. The white box contains the code `absl::str_format_internal::ExtendedParsedFormat::New`. A blue curved arrow points from the top of the white box back to the top of the gray box, indicating a return path or a loop.

```
absl::str_format_internal  
::ExtendedParsedFormat::New
```
