

CordAppendBufferTest
::GetAppendBuffer

CordAppendBufferTest
::maximum_payload

CordAppendBufferTest
::limit

```
graph LR; A[CordAppendBufferTest::GetAppendBuffer] --> C[CordAppendBufferTest::limit]; B[CordAppendBufferTest::maximum_payload] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, one above the other. On the right, there is a single gray box with a black border. Two blue arrows originate from the right side of the top-left white box and the right side of the bottom-left white box, both pointing towards the left side of the gray box on the right.
