

```
absl::container_internal  
::HashSetResizeHelper::  
  old_soo_data
```

```
graph LR; A["absl::container_internal  
::HashSetResizeHelper::  
  old_soo_data"] --> B["absl::container_internal  
::HeapOrSoo::get_soo_data"]
```

A diagram showing a call from the `absl::container_internal::HashSetResizeHelper::old_soo_data` function to the `absl::container_internal::HeapOrSoo::get_soo_data` function. The call is represented by a blue arrow pointing from the left box to the right box.

```
absl::container_internal  
::HeapOrSoo::get_soo_data
```
