

gpt::Block::Forward

```
graph LR; A[gpt::Block::Forward] --> B[nn::Residual::Forward];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gpt::Block::Forward'. The right box is gray with a black border and contains the text 'nn::Residual::Forward'. The arrow is a solid blue line with a triangular arrowhead pointing towards the right box.

nn::Residual::Forward
