

```
Eigen::internal::blas  
_data_mapper< Scalar,  
Index, StorageOrder,  
AlignmentType, 1 >::loadPacket
```

The diagram illustrates a function call. On the left, a grey rectangular box contains the C++ code for a function call: `Eigen::internal::blas_data_mapper< Scalar, Index, StorageOrder, AlignmentType, 1 >::loadPacket`. A blue arrow points from the right side of this box to a white rectangular box on the right. This white box contains the text `Eigen::internal::ploadt`. A blue curved arrow originates from the top of the white box and points back to itself, indicating a self-call or a recursive operation.

```
Eigen::internal::ploadt
```
