

absl::Cord::Append

```
graph LR; A[absl::Cord::Append] --> B[absl::CordBuffer::length]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text 'absl::Cord::Append'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'absl::CordBuffer::length'.

absl::CordBuffer::length
