

absl::get

```
graph LR; A[absl::get] --> B[absl::variant_internal::VariantCoreAccess::Checked Access];
```

The diagram consists of two rectangular boxes. The left box is gray and contains the text 'absl::get'. A blue arrow points from the right side of this box to the left side of a larger white box on the right. The white box contains the text 'absl::variant\_internal::VariantCoreAccess::Checked Access'.
