

```
Eigen::internal::coeff  
_visitor< Derived >
```

The diagram illustrates a relationship between two Eigen library classes. At the bottom is a gray box containing the text 'Eigen::internal::max_coeff_visitor< Derived, PropagateNumbers >'. At the top is a white box with a black border containing the text 'Eigen::internal::coeff_visitor< Derived >'. Two blue arrows point upwards from the top of the gray box to the bottom of the white box, indicating that the gray box class inherits from or specializes the white box class.

```
Eigen::internal::max  
_coeff_visitor< Derived,  
PropagateNumbers >
```
