

absl::container_internal
::node_handle_base::slot

```
graph LR; A["absl::container_internal  
::node_handle_base::slot"] --> B["absl::container_internal  
::node_handle_base::empty"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a gray background and contains the text 'absl::container_internal' on the first line and '::node_handle_base::slot' on the second line. The right box has a white background and contains the text 'absl::container_internal' on the first line and '::node_handle_base::empty' on the second line. The blue arrow originates from the right side of the left box and points to the left side of the right box.
