

std::ostream

```
graph BT; A["absl::strings_internal::OStringStream"] --> B["std::ostream"]
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text 'absl::strings_internal::OStringStream'. Two blue arrows originate from the top edge of this box and point upwards towards a white rectangular box at the top containing the text 'std::ostream'. The arrows are positioned side-by-side, indicating that 'absl::strings_internal::OStringStream' inherits from 'std::ostream'.

absl::strings_internal
::OStringStream
