

internal::Colamd::compute_ordering

internal::Colamd::recommended

internal::Colamd::colamd_r

```
graph LR; A[internal::Colamd::compute_ordering] --> C[internal::Colamd::colamd_r]; B[internal::Colamd::recommended] --> C;
```

The diagram illustrates a flow or dependency where two separate components, 'internal::Colamd::compute_ordering' and 'internal::Colamd::recommended', both point to a single target component, 'internal::Colamd::colamd_r'. The arrows indicate a directional relationship from the left-hand boxes to the right-hand box.
