The diagram illustrates a dependency or call relationship. Three source functions, each in a white box with a black border, have blue arrows pointing to a single target function in a gray box with a black border. The target function is 'absl::container_internal::CommonFields::set_capacity'. The source functions are 'absl::container_internal::raw_hash_set::clear', 'absl::container_internal::CommonFields::RunWithReentrancyGuard', and 'absl::container_internal::raw_hash_set::~~raw_hash_set'.
