The diagram illustrates a function call branching into two paths. On the left, a grey box contains the text 'absl::time\_internal' and '::cctz::TimeZoneInfo::Make'. Two blue arrows originate from the right side of this box. The top arrow points to a white box on the right containing 'absl::time\_internal' and '::cctz::TimeZoneInfo::Make'. The bottom arrow points to another white box on the right containing 'absl::time\_internal' and '::cctz::TimeZoneLibC::Make'.
