

absl::uniform_real
_distribution::max

```
graph LR; A[absl::uniform_real_distribution::max] --> B[absl::uniform_real_distribution::b]; B --> C[absl::uniform_real_distribution::param_type::b];
```

The diagram consists of three rectangular boxes arranged horizontally, connected by blue arrows pointing from left to right. The first box on the left has a gray background and contains the text 'absl::uniform_real_distribution::max'. The middle box has a white background and contains the text 'absl::uniform_real_distribution::b'. The third box on the right also has a white background and contains the text 'absl::uniform_real_distribution::param_type::b'.
