

Eigen::internal::noncopyable

Eigen::MatrixPower  
< MatrixType >

```
graph BT; A[Eigen::MatrixPower< MatrixType >] --> B[Eigen::internal::noncopyable];
```

The diagram illustrates an inheritance relationship. A light gray box at the bottom contains the text 'Eigen::MatrixPower' followed by '< MatrixType >' on the next line. Two red arrows originate from the top of this box and point upwards to a white box at the top, which contains the text 'Eigen::internal::noncopyable'. This indicates that 'Eigen::MatrixPower' inherits from 'Eigen::internal::noncopyable'.
