

absl::container_internal
::FlatHashSetPolicy::apply

```
graph LR; A["absl::container_internal::FlatHashSetPolicy::apply"] --> B["absl::container_internal::DecomposeValue"]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is shaded gray and contains the text 'absl::container_internal::FlatHashSetPolicy::apply'. A straight blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'absl::container_internal::DecomposeValue'. A curved blue arrow starts from the top of the right box and points back to the top of the same box, indicating a self-call or a recursive operation.
