

Eigen::VectorwiseOp::all

```
graph LR; A[Eigen::VectorwiseOp::all] --> B[Eigen::VectorwiseOp::_expression];
```

The diagram illustrates a function call in the Eigen library. On the left, a gray rectangular box contains the text `Eigen::VectorwiseOp::all`. A blue arrow points from this box to a white rectangular box on the right. The white box contains the text `Eigen::VectorwiseOp` on the top line and `::_expression` on the bottom line. Both boxes have a thin black border.
