

```
internal::dense_xpr  
_base::type
```

The diagram illustrates a relationship between two C++ types. At the bottom, a gray rectangular box contains the text `Eigen::ForceAlignedAccess < ExpressionType >`. Two blue arrows originate from the top of this box and point upwards to the bottom edge of a white rectangular box above it. The white box contains the text `internal::dense_xpr_base::type`. This visualizes that `Eigen::ForceAlignedAccess < ExpressionType >` inherits from or is derived from `internal::dense_xpr_base::type`.

```
Eigen::ForceAlignedAccess  
< ExpressionType >
```
