

Eigen::AutoDiffScalar
::operator+

Eigen::AutoDiffScalar
::operator-

Eigen::AutoDiffScalar
::AutoDiffScalar

```
graph LR; A["Eigen::AutoDiffScalar::operator+"] --> C["Eigen::AutoDiffScalar::AutoDiffScalar"]; B["Eigen::AutoDiffScalar::operator-"] --> C;
```

The diagram illustrates a relationship between three components. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Eigen::AutoDiffScalar' followed by '::operator+' on a new line. The bottom box contains 'Eigen::AutoDiffScalar' followed by '::operator-' on a new line. On the right, there is a gray rectangular box with a black border containing the text 'Eigen::AutoDiffScalar' followed by '::AutoDiffScalar' on a new line. Two blue arrows point from the right side of the top-left box to the left side of the gray box, and from the right side of the bottom-left box to the left side of the gray box.
