

```
Eigen::internal::gebp  
_kernel::operator()
```

```
graph LR; A[Eigen::internal::gebp_kernel::operator()] --> B[Eigen::internal::gebp_traits::loadRhsQuad]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'Eigen::internal::gebp_kernel::operator()'. The right box is gray with a black border and contains the text 'Eigen::internal::gebp_traits::loadRhsQuad'.

```
Eigen::internal::gebp  
_traits::loadRhsQuad
```
