

`std::exception`

```
graph BT; A[absl::BadStatusOrAccess] --> B[std::exception];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text `absl::BadStatusOrAccess`. Two blue arrows originate from the top edge of this box and point upwards towards the bottom edge of a white rectangular box above it. The white box contains the text `std::exception`. This visualizes that `absl::BadStatusOrAccess` inherits from `std::exception`.
