

absl::container\_internal  
::CommonFields::set\_capacity

```
graph LR; A["absl::container_internal::CommonFields::set_capacity"] --> B["absl::container_internal::IsValidCapacity"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a gray background and contains the text 'absl::container\_internal' followed by '::CommonFields::set\_capacity' on the next line. The right box has a white background and contains the text 'absl::container\_internal' followed by '::IsValidCapacity' on the next line. A blue arrow points from the right side of the left box to the left side of the right box.

absl::container\_internal  
::IsValidCapacity
