

std::exception

```
graph BT; A[absl::SeedGenException] --> B[std::exception];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text 'absl::SeedGenException'. From the top center of this box, two blue curved arrows point upwards towards the bottom edge of a white rectangular box above it. This white box contains the text 'std::exception'. The arrows indicate that 'absl::SeedGenException' inherits from 'std::exception'.

absl::SeedGenException
