

Eigen::VectorwiseOp
::mean

Eigen::umeyama

Eigen::VectorwiseOp::sum

```
graph LR; A[Eigen::VectorwiseOp::mean] --> C[Eigen::VectorwiseOp::sum]; B[Eigen::umeyama] --> C;
```

The diagram illustrates a relationship between three Eigen library components. On the left, there are two white rectangular boxes. The top box contains the text 'Eigen::VectorwiseOp::mean' and the bottom box contains 'Eigen::umeyama'. On the right, there is a single gray rectangular box containing the text 'Eigen::VectorwiseOp::sum'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'Eigen::VectorwiseOp::mean' and 'Eigen::umeyama' are associated with or point to 'Eigen::VectorwiseOp::sum'.
